UI Navigation

“User friendly! From onboarding to payroll, isolved is very user friendly. The employees like it for the ease of use and it doesn't require much training. The customer service is great!”

Support

“isolved staff are quick to connect you to the services and support your business needs to streamline processes. and Our isolved reps genuinely care about our unique concerns and challenges. They go above and beyond to help us implement new product features.”

Analytics

“I really like [isolved's] reporting features, and the amount of customizable information and data the system is able to maintain. The reporting feature is helping to streamline a lot of our year-end and quarter-end processes.”

ROI

“The time saved by having isolved perform our payroll and onboarding new employees is invaluable. It is saving time which allows me more time for other administrative responsibilities. Just the relief from quarterly filing is saving time and mental bandwidth.”

Testimonials

Benefits Admin

"Our [isolved] open enrollment process is much more streamlined without the use of paper. With multiple locations, it was great to have the training online for our HR individuals."

Implementation

"The [isolved] product can handle the most complicated set ups but it is very easy to use for all types of users. The support team are actual payroll professionals who understand the WHY behind your questions."

Scalable

"We are a growing business. Having all modules along with customer service helps us run our department. All engagement features are helping employees stay engaged and are taking a load off the HR Team, as a whole. We can rely on isolved to stay in compliance and up to date."

Support

"I've been most pleased by the dedication and responsiveness of their [isolved] team, in particular when time is of the essence. For a recent compliance task, our agent... went above and beyond to ensure our setup was done accurately and on time... In addition, she followed up after the implementation to ask if we needed any additional help."

Integrations

"It [isolved] connects our FBA accounts, payroll deductions and contributions, and benefits enrollment, and COBRA fairly seamlessly so that integration of that data is correct across platforms."

Pricing Issues

"Price point is one big concern for our company, followed by pain point. isolved provides access to several modules, the totality of which are more economically priced than our prior PR company."

Implementation

"Our [Paycor] implementation team was not thorough and did not finish transition tasks - wrong ytd totals were applied to the wrong employees and they still after 7 months have not resolved them."

Reporting

"I really like... the [isolved] reporting features, and the amount of customizable information and data the system is able to maintain. The reporting feature is helping to streamline a lot of our year-end and quarter-end processes."
